

The Wellbeing Partners offers members customized coaching and consulting services to address community and workplace wellbeing issues. Our teams bring a depth of expertise to address the needs of your organization.

## Corporate Social Responsibility

The Wellbeing Partners will identify community health and workforce data to guide the strategic focus areas of corporate community investments and corporate social responsibility.

## Change Management & Facilitation

The Wellbeing Partners focuses on change management and facilitation planning at the team, division, organizational or multi-sector community levels. Examples include workplace wellbeing action planning, organizational policy implementation of physical activity, nutrition, or mental wellbeing.

## Worksite Wellness Training

The Wellbeing Partners can assist with the following aspects of your wellness program:

- Developing strategies to help create a worksite culture of health.
- Evaluating participation and engagement
- Assessing leadership support
- Assisting with communication strategies
- Providing guidance on program design

## Operating Plan Development

The Wellbeing Partners utilizes existing data in creating a written operating plan to serve as a guide to your wellness leader/team. This guide can be used to create and implement wellness initiatives to reach goals specific to the needs of your company. Your organization will have the opportunity to work closely with our consultant to ensure we create the best plan for your wellness leader, committee, and company.

## Organizational Assessment & Report

The Wellbeing Partners conducts a personalized review of the Social Determinants of Health assessment to identify the optimal wellness engagement and strategy for your organization.

## Vendor Selection

The Wellbeing Partners will evaluate your organization's culture, goals, and business needs to determine a vendor best suited to your company. This process includes vendor research, request for proposal (RFP) questions, vendor scorecards, RFP scoring, cost analysis, finalist presentations, group reviews, and vendor recommendations. The Wellbeing Partners can assist in all or just part of the process depending on your organizational needs.

## Wellness Award Application Assistance

The Wellbeing Partners will assist your organization in the awards application. Includes assistance with data gathering, placement of case studies, suggested programing examples, narrative techniques, and general help completing the application.
